Nell, Sergio and all the volunteers ~

I just wanted to take a second and thank you again for our wonderful celebration of Bodhi Day. I know coming here is something you guys do out of the kindness of your hearts. You will never know how much it's appreciated. The food was delicious but the sentiment behind you guys coming is what I'm most grateful for.

In case there was any doubt the gifts you bring us is something that extends thru us onto our families and friends. Meditation has changed my life and I do consider it a gift. Not only do I benefit from its effects but it brings my Mom a peace of mind she has never known. She's not meditating herself (yet), but the change she sees in me makes her so happy. She finds comfort in the fact that for the first time I know I'm going to be okay. I've never known that before and she's definitely never felt that before.

I won't keep you any longer. I just wanted all of you to know that the things you all are doing or helping us do is changing lives. Thank you again for all that you've done for us.

Yours Truly
